

The Children's Museum OF CLEVELAND

Calling All Magicians!

The Children's Museum of Cleveland presents **Abracadabra! Everyday Magic**. During their "magical" experience children of all ages will gain an understanding of the many things in our daily lives which appear to be mystical and magical but can often be explained through principles of math and science. Whether you are pulling a rabbit out of a hat, creating a chemical reaction using only your body heat, or decoding secret messages, you'll want to visit before it all disappears!

TARGET AUDIENCE: Educational activities are designed for children ages 2 to 8 years.

RENTAL DETAILS: A minimum of 1500 square feet of exhibit space is required; the exhibit can be installed in expanded configurations for larger galleries. Rental fees are \$18,000 for three months; in-bound shipping additional.

RENTAL INCLUDES: Educational program plans and marketing guide. Detailed installation and packing instructions, with installation support from experienced CMC exhibits staff.

MOVE

like a magician

HAVE FUN: See your image change in the funny mirrors.

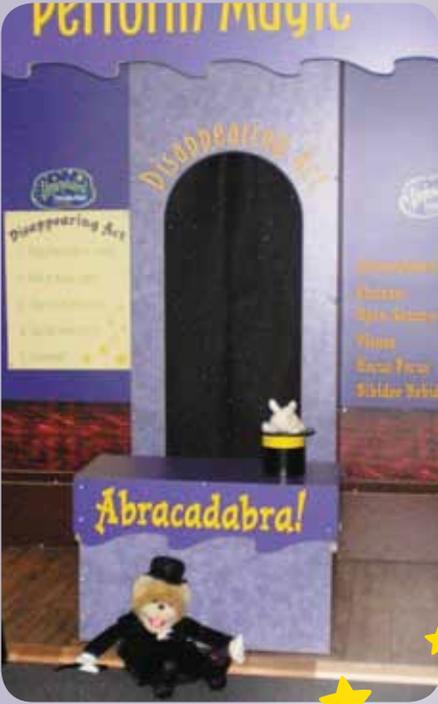

Get the magician moving as you climb stairs, ride the slide and crawl through the tunnel.

MOVE: Use your hands and eyes to create amazing shadow puppets and play "I Spy".

EXPLORE ★ magic

PERFORM:
Pull a rabbit out of a hat. Say the magic word and make yourself disappear. Juggle with scarfs. Magically mix the color paddles to see what colors appear. Play "I Spy" and make the "hidden" objects appear.

Manipulate 3-dimensional tangrams to make your favorite shape magically appear.

EXPERIMENT: Caution! Falling objects. Use a combination of tubes and tracks and just the right angles to move an object from top to bottom.

Touch electricity...what happens if you clap? Use your body heat to make handprints magically appear. Walk by the lenticular graphic and watch the flower bloom.

Put on a camouflage cape and watch yourself disappear!

Put on a cape
and become
the magician!

CREATE: Rub the crayon over the paper on the etching to magically create a hidden image or decode the secret message.

PLAY
with magic

Take a further look at all things magic including card tricks, illusions and more!

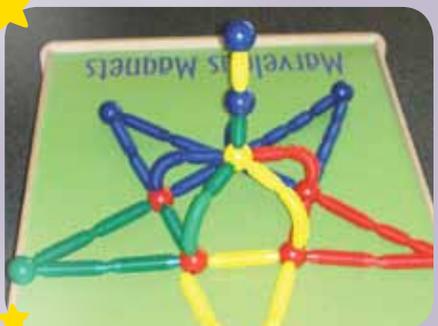

BLOCK TABLE: Using a variety of blocks and your imagination, what can you create?

MATH MAGIC: Tic-tac-toe. Can you solve the "Sum of 15" problem?

MATH MAGIC: Amaze your friends with a card trick. Play with dominoes.

MAGNET MAGIC: Using magneatos and your imagination you can build anything! Towers, 3-dimensional shapes, spheres...the ideas are endless!
