

PLANE NO. 1

1. Start with the word "Up" pointing up then turn the paper over so you cannot see the fold lines.

2. Fold top corners into the middle of the paper along fold line 1.

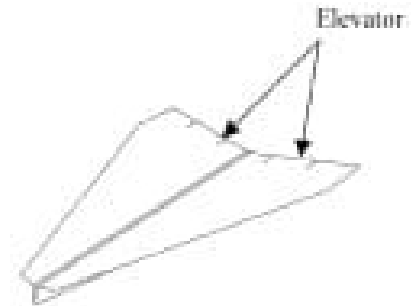

3. Fold both side into middle along fold line 2.

4. Fold the tip down along line 3.

5. Turn the paper over and fold the left side over onto the right side and crease along fold line 4 so the outside edges of the wings line up.

6. Fold the wings along line 5 and partially open so the wings stick out straight. Cut two slits in each wing at the back to act as elevators.
