Things you will need:

- 1 cardboard tray
- A few large pieces of yarn
- Duct tape

What to Do:

Step 1: Cut slit marks into the sides of your tray to create a place to hold the yarn.

Step 2: Take your yarn and begin to wrap it around your tray, being sure to push the yarn into the slots to make sure that the weaving stays in place.

Step 3: Keep wrapping your yarn around the tray until all the yarn is used. You can create your own abstract design, or you can plan and create a more organized design.

Step 4: Secure the end of the yarn with a piece of duct tape on the back
